

Kenmore Elite® Smart Room Air Conditioner 8K BTU PRODUCT FACTS

Item #:042-77082

Product Overview:

This Kenmore Elite® Smart Room Air Conditioner has a stylish new design that allows you to cool your home from almost anywhere* – from your office, in the car or even down the block. You can even set up schedules to ensure your home is at the right temperature for when you arrive. With wireless control and a smart device, it's now easy to regulate your home climate and save money on your energy bill!

Why do I need a Kenmore Elite® Smart Room Air Conditioner in my home?

Control on the go:

- Remotely turn your Smart Room Air Conditioner on and off, set a schedule or change the temperature giving you flexibility and ability to control your climate when you are not at home

Energy savings:

- Smart technology gives you the ability to run your Smart Room Air Conditioner only when you need to, saving energy and money on your utility bill

Easy setup

- It's easy to link. Download the Kenmore AC™ app, follow the step-by-step instructions and add your Kenmore Elite® Smart Room Air Conditioner

Features:

- **Energy Star Certified** with a CEER rating of 12.0
- **8,000 BTU of cooling power** quickly cools your room up to 350 sq. feet for window mounted installation
- **Electronic controls** makes operating your air conditioner simple
- **Remotely control, monitor, and set schedules at any time** from almost anywhere with WiFi® access
- **3 cool speeds and 4 fan speeds** provide you with options to customize your experience
- **A 'filter check' reminder signals when it is time to clean** for convenient maintenance
- **8-way air direction control** points airflow in multiple directions, ensuring maximum cooling
- **Window mounted installation**
- **Uses standard 115V electric outlet** for use in the contingent United States only
