## Kenmore Elite® Hybrid Electric Heat Pump Water Heaters

### PRODUCT FACTS

#### Product Overview:

Kenmore Elite® Hybrid Electric Heat Pump Water Heaters are designed with environmentally- and economically-conscious homeowners in mind. These models utilize compressor technology to pull warmth from the surrounding air to heat water. These heaters have the ability to produce the same amount of hot water as a standard electric water heater while using less than half the electricity.\* Wireless compatibility allows you to adjust settings and monitor energy consumption remotely\*\* to help save on utility bills.

#### Features:

- **Wireless capabilities** when paired with the Kenmore Smart Water Heater Module\*\* to provide peace of mind, leak detection, control on-the-go and help with energy savings
- **Increased efficiency** can help homeowners save up to 71% in annual operating costs, providing payback in 2-3 years, while reducing greenhouse gas emissions\*
- **Electronic user interface** is user-friendly, easy to read and provides quick access to adjust temperature settings and operating modes
- **Advanced electronic control system** provides precise temperature control and communication diagnostics
- **Reusable air filter** is easy to wash, reducing waste and helps save money by eliminating the need to replace when dirty
- **Four modes** to adjust settings and efficiencies to match your needs:
  - **Efficiency Mode** is the highest efficiency and lowest cost operation setting on the heater, solely relying on the heat pump
  - **Hybrid Mode** combines high energy efficiency with reduced recovery time
  - **Electric Mode** functions as a conventional electric unit, relying on only the heating elements for water heating
  - **Vacation Mode** uses less energy and prevents freezing by maintaining a 60 degree tank temperature when heating is not needed for an extend period
- **ENERGY STAR® Qualified** appliance qualifies for many state and local utility rebates
- **10-year limited warranty** on tank and parts, as well as a 1-year labor warranty

#### Models/Dimensions:

##### 50 Gallon Hybrid Heat Pump Water Heater

- Model: 59250
- Tank Height: 63 in.
- Tank Diameter: 22 in.
- Weight, Shipping (Approx.): 196 lbs.
- **MSRP: \$1,199**

##### 66 Gallon Hybrid Heat Pump Water Heater

- Model: 59260
- Tank Height: 61 in.
- Tank Diameter: 26.5 in.
- Weight, Shipping (Approx.): 289 lbs.
- **MSRP: \$1,599**

##### 80 Gallon Hybrid Heat Pump Water Heater Water Heater

- Model: 59280
